Office notes

The consideration asked for is "that the instalments falling due this month (June 1900) should be set-forward until June 1903 and that the instalments following should thereafter be payable in their due order of sequence". (Vide KL No 176). In his letter No D 632 of the 18th ult. the Dy Town Treasurer recommended as follows:

"In these circumstances I would respectfully suggest for your consideration that the Company's request should be granted, more especially as their Managing Director states that interest will be paid at 5 per cent per annum ....."
(KL No 184)

Is there any provision such as that mentioned by the Dy Treasurer, in the Company's Regulations? Let me see it at once.

The Dy/Cor made this recommendation without knowing the actual state of affairs with Co —

The Co is not able to pay the call due April 1st 1900. The result is that they forfeit shares on which they pay for an amount which would be virtually lost to investors should all available funds be produced from the shareholders.

Rs: 2,15,900 was due by the Mysore Maharajas Spinning & Manufacturing Company Ld:. This was the old Company. In 1894, the new Company (the Mysore Spinning & Manufacturing Comp^{y} Ld) took charge of the Mills from the old Comp^{y}.

As previously promised the Mysore Govt took shares in the new Comp^{y} of the value of Rs: 25,000. and as regards the debt due by the old Comp^{y} it was settled that the amount should be repaid by the new Comp^{y} by annual instalments of Rs 21,500 towards principal & interest. The rate of interest was reduced from 6 to 5 per Cent from 1st Feby 1894.

Payments were made till December 1898

To,

The Secretary to the
Government of Mysore
Rev and Genl Departments

Sir,

In continuation of my letter No. 557 of the 30th September 1900, in re- ~~Fol No. 181 a~~ the loan made by the Government to the Mysore Spinning and Manufacturing Company limited at Bangalore, I beg to state that Mr Narayan Ananthappa of the firm of Messrs P. Christal and Co of Bombay, who are agents to the Said Company, saw me yesterday with some of the accounts of the Company. He says that the annual cash balance statements have all been submitted to the Dewan [illegible]

Yrs

Shew that the Company is doing well. I saw their copies. The Company appears to have paid away the debts carrying higher rates of interest than what is to be paid on the loan made by the Mysore Government. The latter loan alone remains unpaid with the exception of some small sums due to others. In fact, the Company seems to be trying their best to clear off all the debts. The property mortgaged to the Mysore Government seems to be much more than what is due to it. All this can be seen from the letter and the account presented to me by the said Mr. Narayan Annappa, and herewith submitted.

I saw the mill yesterday. It is in good working order. About 600 persons (men, women and children) are employed on it. About 500 lbs worth of cloth and about 2000 lbs worth of yarn are manufactured daily. There is a large stock of undisposed of cloth

and yarn; the market being slack owing to the present hard times brought on by plague &c. Further, the mill is not able to carry on more work, as the price of cotton has risen so ~~much~~ high as to leave very little profit to the Company. Cotton having failed in America, Europe has indented on India for its supply and this has tended to raise the price of cotton. With all this, the Company has been doing fairly well and has paid up the debts carrying higher rates of interest. In these circumstances the Government may, I think, consider favorably its request for time to pay the loan made by Government, more especially as Mr. Narayan Annappa says that interest will be paid at 5 per cent per annum on the instalments that have and may hereafter become due until they are paid up. A compliance with this request will

will save the Company from closing its business altogether, a circumstance which it is painful to allow. Further, by closing the mill, 600 persons will be thrown out of employment and they will have to be provided for by Government.

2. In conclusion I beg to state that Mr. Narayan Annappa takes this letter to afford further explanation in person

I have the honor to be

The Deputy Commissioner

Bangalore

Sir,

Reg. Ltr & Encl & 17.10.1900

With reference to your notice of the 4th instant demanding payment of instalments of the debt due to the Government, we have the honour to submit herewith a Statement shewing the position approximately of the Company on the 30th of September last.

1. From this it will be observed that the Assets of the Company which are under mortgage to the Government amount to Rs 751,883-14-5 against Rs 156,511-1-6, or nearly five times the amount due.

2. It will also be observed that notwithstanding the present unprecedented depression the concern is able to pay its way.

3. The bad times above referred to are such that even the most resourceful concerns of the kind in Bombay, the centre of Mill Industry, find it difficult to tide over them

them and it, can be imagined how much more difficult it is to finance a mill, which is situated so far away from that city.

4. That we have put forth our best efforts to bring the mill to a satisfactory footing will be demonstrated by the following record of progress since the mill came under our management:-

Fresh Amount of Capital, Subscribed, since 20th February 1894, and of which a major portion having been subscribed from places outside the Mysore Provinces ———	Rs 209,850-0-0
Payments made to the Government on account of the debt	Rs 59,388-14-6
Do Do to Messrs Scott & Asa Lees	Rs 75,320-13-1
Debentures discharged, thereby releasing the mill property from a second mortgage ———	Rs 147,000-0-0
Amount set aside from Profits and	85,000-0-0
New Machinery ordered to replace the Old - from Profits	25,000-0-0

Amounts of Profits made during the last Six years are as under:-

Year ending	28th February 1895 -	34,695-7-10
Do	Do 29th February 1896 -	54,040-6-8
Do	Do 28th February 1897 -	60,349-14-9
Do	Do 28th February 1898 -	55,384-8-11

Year

Year ending 28th Feby 99 Rs 5994. 0—0
Do Do 28th Feby/00 Rs 17,7,70 - 13—9

These figures will speak for themselves and will go to show that in affording the accomodation prayed for in our letter of 21st June last the Government would, while running no risk whatever, be helping an industry which, from the progress it has made during the past six years, we can safely venture to think will always prove to be a remunerative one.

5. For reasons stated in para 3 we are constrained to have to say that the present position of the Company will not admit of the amount under demand now being paid and if the measures referred to in the notice be taken, they will not only affect the operations and credit of the mill, for the maintenance of which the Government has accorded, in time past a generous and uniform support, but may also tend to discourage industries in general being introduced into the Province with foreign Capital.

We therefore respectfully beg to request that the above facts will receive your favourable consideration and that you will be pleased to recommend our prayer contained in the

letter

letter above referred to being granted.

We have the honour to be

Sir,

With reference to your docket no 4715/7L468 dated 16th Instant, calling for further report since the progress made in the matter of the collection of the arrears of instalments due by the Mysore Spinning and Manufacturing Company, I have the honor to state that a notice of demand was served on the local representative of the Company on the 26th ultimo; in reply the Agents in their letter of the 5th Idem (Copy enclosed) ...

respectfully

reported that the share-holders of the Company will be called on to consider the notice and decide thereon and that Mr. Sinor Narayen Annappa of the firm had been deputed to see me in the matter. He accordingly came to me on the 13th instant, and represented that they are, at present, unable to pay up the arrears owing to the want of a market for their goods and other untoward circumstances. His written statement received this day is herewith submitted in original. He informs me that the General Meeting of the Share holders will be called about the 10th January 1901. The 15 days notice expired on the 11th instant.

Sir,

With reference to your notice of demand dated the 15th ult^o calling upon us to pay the amount of instalment of Rs 21,500/- due to the Government by the Company, the reply thereto from our Head Office dated the 6th inst^t and to the interview which our Mr. Narayen was granted by His Excellency the Dewan on the 18th October last, we have the honour to state that for reasons explained in our letter of the 17th October last to your goodself it has been quite impossible for us to meet the demand. A General meeting of the Shareholders has therefore been proposed to be convened shortly for considering the situation and their decision will be duly communicated to you

2. In addition to the reasons given in our letter of 17th ult^o above referred to, as to why the prayer contained in our representation of the 21st June last made to His Excellency the Dewan deserves favourable consideration, we may be allowed to point out that, should the Government

at a time like the present when the mill industr
all over India is passing through an extraordi-
-nary crisis decide upon having recourse to extreme
measures for the recovery of the over due instal-
-ment which is secured by property situated c
within their own jurisdiction and valued several
times over the amount of the total debt, it would
in our humble opinion, not benefit the Govern-
-ment in any way but would only tend to impair
the credit which the concern has acquired and
thereby deprive us of the very means with which
we expect to be able to liquidate the Government
It may perhaps be thought that those responsible
for the management of the concern ought to have
foreseen the above and to have made adequate
arrangements to discharge the obligations of the
Company in due time. Here we may be permitted
to assure you that it is not the want of foresight
which has hindered us from meeting the present
demand, but a series of circumstances which
the mill industry is at present beset with and which
were as unforeseen as they have proved direful in
effect.

3. It may perhaps also be urged that from
the point of view of a creditor the Government
is not bound to consider the monetary difficulties

of a private Company. But the Government have not given us reason to regard them as mere creditors. The fact of their having helped the Company with funds and patronage in times past shows, on the other hand, that in doing so they were actuated also with the desire to encourage the industry of the Province. Indeed, this was one of the considerations which induced us to take over the management of the Mill. And had times permitted we would certainly have paid off the present instalment as we have done the former ones. Circumstances have however, compelled us to appeal to that liberal Spirit of the Government with which they were actuated when they first so advanced money to the Company.

4. In Conclusion we trust that the Government may yet find it possible to afford us the relief so prayed for.

Bangalore District
Dy. Commissioner's Office
Bangalore 25th January 1901.

To,

The Secretary to the
Government of Mysore
Rev and Genl Departments

Sir,

In continuation of the correspondence ending with this Office letter No 9149 of the 15th December 1900 and with reference to the personal orders given by the Dewan for the examination of the accounts of the Mysore Spinning and Manufacturing Company limited at Bangalore, I beg to state that the accounts were examined on the 15th, 16th and

and 17th January 1901, Mr. Vijapur Chetty the Chief Assistant to the Comptroller very kindly aiding me in doing so. In fact, he made the examination personally carefully.

2. The Company has raised 1,23370 Rs in Shares, Rs 156511—1—6 as loan from the Government of Mysore, Rs 6857—2—3 as loan from messrs A Salees and Co, 500 Rs by 5% debentures, 186195—12—1 by sundry debts, 1,1095—1—8 as loan from the National bank and 8,1,15—9—11 as loan from messrs Ramasamy brothers. Thus the total amount raised by them is 8,25,971,—14—5.

3. Out of this 6,61,98—2—6 have been paid for the mill house at Bangalore and the machinery therein in addition to the 85000 Rs which had been set apart

as reserve fund out of the earnings. The balance is 1,59,476—11—11 and that is the sum with which the mill is being worked. Out of this balance 1,43,175—11—9 is the value of cotton, yarn and cloth on hand. Then what remains is 16301-0-2 and even this is not in cash, but in the shape of Sundry Stores which is valued at 24872—5—4.

4. Besides this, the accounts show that a sum of Rs 47145—13—6 shown as paid on account of interest, wages, taxes, feeds has not as yet been paid. But a sum of Rs 19794—15—6 is shown as being with their agents at several places, viz. Rs 1860—14—0 with their bankers and themselves and Rs 6702—9—1 as having been paid on account of the insurance premium for the ensuing period. To this has to be added the

loss

loss in trade that accrued during the past 4 months which amounts to 10216-2-

5. Thus the mill has to be worked out of what may be realized from time to time out of the stock in trade

6. The monthly expenditure in the mills is about Rs 35882/ and the monthly income is 33000 Rs.

7. The memo of the Chief Assistant to the Comptroller is enclosed as also its accompaniments

their inability to grant the further time asked for by the Company for the payment of the arrears. The Agents of the Company will be informed accordingly. Noting & putting the papers before G.A.

2. The papers on the subject will be forwarded to the Govt Advocate to take such legal steps as he thinks proper, to recover the amount due to Govt. He will, before taking such steps, favor Govt with his opinion as to whether instead of instituting a suit against the Company, the Govt can, of their own motion, appoint an Inspector under Section 82 of the Mysore Companies Regulation, III of 1895, as they are shareholders in, and creditors to, the Company to a large extent.

To

THE SECRETARY TO THE GOVERNMENT OF MYSORE,
GENERAL AND REVENUE DEPARTMENTS.

Sir,

With reference to the Proceedings
of the Government order No. 5961-2, dated
the 9th October 1900 No. 595
I have the honour to state
that the Agent in his letter No.
dated 15th December 1900 clearly states
"It has been quite impossible for us
to meet the demand"

Under clause (c) of
Section 128 of the Companies Act.
(Regulation III of 1895) the
Government may apply to the
Chief Court for the winding up of
the Company as the Company is
unable

unable to pay the debt due to the Government and for the immediate appointment of a Liquidator & the Court may be asked to appoint the Agent of the Company as Liquidator till the debt due to the Government is discharged. If I am directed by the Government to apply to the Court, I shall do so after giving notice to the Agent of the Company to pay the amount due within 3 months from the date of the notice and in default ~~of~~ an application for winding up the Company will be filed under the above said Clause (d) of Section 128.

Under Clause (a) of Section 82 of the Company's Act.

The

the Government can appoint an Inspector on the application of Members the amount of whose shares is 1/5th of the total amount of shares of the Company. If the amount of shares of Government is 1/5th the Government may appoint an Inspector on the application of the Deputy Commissioner. As I said from Letter Proceedings under reply the Government had purchased & the Government's interest is only to the extent of 25000/- Rs & the Capital of the Company is 2,00,000. I am of opinion that no Inspector can be appointed. The file is herewith returned

I have the honour to be
Sir,
Your most obedient servant

and a further report was
called for from the Dr= C=
about the State of the Company's
assets and its ability to meet its demands.
The report received shows

Mysore Spinning & Manufacturing Co, Bangalore

that the Company is in a State verging on insolvency, and that it is at present working at ~~at~~ a loss and unable to meet all its obligations.

Government recognise that this is a time of Special hardship and are unwilling to take extreme measures. But at the same time, they ~~are~~ feel a doubt as to whether it would be beneficial to the Company and enable it to tide over its difficulties if time is granted. If the Concern ~~it~~ Continues to work at a loss, the Security for the Creditors including Govt must become further deteriorated in Course of time. The fact that no later proposals for Settlement

have been submitted by the Company renders the ~~future~~ security of the loan more future doubtful.

The Dy Commr of Bangalore will inquire whether the Company is in a position to give some further or better security, so as to afford some assurance of the debt due to Government not being eventually altogether lost. Unless some such guarantee can be obtained, it would seem to be the most expedient course to ~~take steps~~ to decline to grant any further time, and realise what may be collected from the available assets. An early report ~~is~~ and full should be submitted

Bangalore District
Dy. Commissioner's Office
Bangalore 9th September 1902

From

M. S. Narayana Rao Esqr,
Deputy Commissioner,
Bangalore District.

To,

H. V. Nanjunda Iyya Esqr,
Secretary to the Govt of Mysore
Rev & Genl Depte.

Sir,

I have the honor to acknowledge receipt of Proceedings of Government No. FC 107-8 dated 22nd July last, regarding the recovery of the amount due to Government from the Mysore Spinning & Manufacturing Company.

2 I am to enclose the building and the accounts of the Company.

The enclosed is a copy of the last balance sheet issued by the Company.

3. The difficulties under which the company labours are of a temporary nature. They are the high price of cotton and the slackness in the demand for manufactured yarn and cloth, the latter to the present high prices of food grains. An improvement in the season prospects, which is being looked forward to and not without hopes of seeing it realized, will, while reducing the price of raw cotton, increase the capacity of the poorer classes of inhabitants to buy manufactured yarn and cloth, and then the Company will certainly be in a position to fulfil the engagements it has undertaken. At present it is not in a position to give further securities for the performance of promises made. There seems however no necessity for this at present. The mill property is valued apart

a stock from cotton yarn and cloth in stock, at Rs 7,40,000/= and is not encumbered by any debt, secured upon that property and which has a priority over the debt due to Government. I, therefore, see no reason to apprehend that next year, at any rate, the company will not be able to meet its existing liabilities, and hope Government will be pleased to sanction the postponement of the payment of instalments due till the end of June 1902.

I have the honor to be
Sir
Your most obedient servant

Dy. Commissioner,
Bangalore District.

The Mysore Spinning and Manufacturing Company, Limited.

Directors' Report for the year ending 28th February 1901.

To

THE SHAREHOLDERS OF

The Mysore Spinning and Manufacturing Company, Limited.

GENTLEMEN,

Your Directors beg to submit their Annual Report and Statement of Accounts for the year ending 28th February 1901.

The working of the Mill for the period under report has resulted in a loss of Rs. 11,583-10-6 after deducting the balance of Rs. 4,705-10-1 brought forward from last year's account.

Your Directors regret that a more favourable result has not been obtained owing to the very adverse times from which the mill industry of India has been suffering throughout the year under report. They, however, hope that the current year may be more successful.

The Mill property and the stocks are insured for Rs. 8,89,000.

Mr. Shamarav Vithal retires by rotation from the Board of Directors, but he is eligible for re-election.

Messrs. Cursedji Cawasji Dalal and Atmaram Balkrishna Kirtikar offer themselves for re-election as Auditors for the ensuing year.

We are, Gentlemen,
Yours faithfully,
SHAMARAV VITHAL,
Chairman.
